

SEW MUCH BETTER

BEST ZIPPERS

MAKE EVERYTHING BEST

Directions for the *Do it Yourself Ring-Zip*

1. Cut out the six pieces along the dotted lines and the outside edge of each *zipper tab*.
2. Glue the three longer pieces together. Put glue on area A and attach to the wrong side of area a. Do the same for B and b. You should have a shape that looks like this: 
3. Crease along the dashed lines that separate the *zipper tabs* from the white areas. Make the fold so that the right sides of the paper touch.
4. Fold the crescent shape in half along the dashed line nearest to a. Make the fold so that the right sides of the paper touch.
5. Take the pointed *soon-to-be ring band* and thread it into the slit marked \*. Pull the band all the way through.
6. Put glue on the pointed *soon-to-be ring band* and attach to the other *soon-to-be ring band* creating a loop that will fit the intended finger. Trim the pointed end if necessary. Glue the rest of the ring band down to make the band stronger.
7. Crease along the dashed lines that separate the white areas from each other. Fold so that the wrong sides touch.
8. Put glue on the wrong side of the *zipper tab* marked C. attach this to the wrong side of the *zipper tab* marked c. Do the same for *zipper tab* D and d.
9. Continue to glue the wrong side of the *zipper tabs* to each other spiralling the paper onto itself.
10. Put glue on the wrong side of the *zipper tabs* on one of the square pieces. Attach the *zipper tabs* on the square piece to the tabs on the end of the form you just made.
11. Put glue on the wrong side of *zipper tab* E and attach to wrong side of e.
12. Continue to glue the wrong side of the *zipper tabs*, letting the paper spiral upon itself. Attach the second square to the end of the second form.
13. Take the triangular piece and put glue on the wrongside of the two shorter tabs F and G. Attach F to f and G to g- with the wrong sides touching.
14. When dry, place ring on finger. Adorn Yourself

KEY

-  cut
-  glue
-  fold

right side = printed side  
wrong side = unprinted side
